

New Tradition

We are starting a new tradition for VC football. This tradition will be that players buy their own home jersey, every two years. The purpose of this project is two-fold:

- 1) Give the older players more ownership in the football program, by designing the jerseys and deciding how much money to spend on them.
- 2) Lessen the money spent on the school's football budget.

Our players have decided on a jersey. The cost of the jerseys is \$80. Please make the checks payable to VC football. Deadline is February 12. All checks, numbers, and sizes are to be given to Coach Beverlin. *If money is tight, you may post-date your check.

Older players will get preference on their jersey numbers. Incoming freshmen need to send an e-mail to Coach Beverlin with their preferred football number and their jersey size. (Craigbeverlin@vermilioncatholic.com). If your child's number is taken we will get a new number that is close to the number they wanted. Also, parents of incoming freshmen need to send checks to Vermilion Catholic att: Craig Beverlin.

Our varsity players are extremely excited about their decision and planning on this new jersey. However, we all know that things come up months later that can change on what we were going to do – like not going out for football. If a player later decides that football is not in his plans, we cannot refund their money. Once you buy your jersey, it is yours.

If you are coming to VC after our deadline, you will get a new jersey (we ordered 10 extra) but it will be a number already picked by the coaching staff.
